Daimer® XTreme Power® offers more than 20 models of carpet cleaners and upholstery cleaners. The XTreme Power® line is available in configurations designed for everything from auto detailing to low-pile carpet shampooing. The line also includes both heated and unheated models. The XTreme Power® XPC-9200 is a powerful, non-heated carpet cleaner for use in commercial applications that do not require the additional cleaning power afforded by heat. Daimer® offers the machines in both 50 Hz and 60 Hz models for customers worldwide. Recently, Daimer® increased the pump pressures across much of the line. The company also introduced a carpet head design offering greater extraction with the same vacuum system.

- All Daimer® carpet and upholstery cleaners include exclusive **Low Flow Technology** to *rapidly reduce drying times without impacting cleaning power*. Drying times of the XPC-9200 as low as 6 hours for carpet (1 hour for upholstery) allow operators clean and shampoo carpet and upholstery effectively with the highest productivity.
- This unheated model is ideal for lighter carpet cleaning applications and for cleaning materials sensitive to heat.
- The **optional upholstery wand** enables operators to tackle auto detailing and upholstery cleaning tasks.
- Pair with **Eco-Green® Carpet Care & Upholstery Cleaner** for the best, most environmentally safe results.

Model	XTreme-Power XPC-9200
Pump Pressure	Up to 220 psi
Temp	Add hot water up to 140°F
Flow Technology	Special low flow for faster drying
Solution Tank Size	17 gallons
Recovery Tank Size	15 gallons
Heating Elements	N/A
