Daimer® XTreme Power® offers more than 20 models of carpet cleaners and upholstery cleaners. The XTreme Power® line is available in configurations designed for everything from auto detailing to low-pile carpet shampooing. The line also includes both heated and unheated models. Daimer® offers the machines in both 50 Hz and 60 Hz models for customers worldwide. Recently, Daimer® increased the pump pressures across much of the line. The company also introduced a carpet head design offering greater extraction with the same vacuum system. This adjustable carpet wand, included with the XTreme Power® XPH-9600, creates a greater seal offering superior cleaning power and extraction capabilities.

- All Daimer® carpet and upholstery cleaners include exclusive **Low Flow Technology** to *rapidly reduce drying times without impacting cleaning power*. Drying times as low as 2 hours for carpet (1 hour for upholstery) allow operators clean and shampoo carpet and upholstery effectively with the highest productivity.
- This heated model **boasts temperatures up to 210°F** for rapid dissolving of food spills, grime, and other residues deeply embedded within carpets.
- **Auto-fill and auto-dump features** enable continuous cleaning capabilities.
- Pair with **Eco-Green® Carpet Care & Upholstery Cleaner** for the best, most environmentally safe results.
